Career Objective

Solving real life problem those suffers humanity and making effective products for society by hard working and responsibility. And thereby build up an efficient career in the computer science and engineering and serve humanity.

Project Experience

2018   Completed a project on making a e-commerce site(an online handicraft's store). I used PHP in back-end(server) and HTML, CSS, JavaScript, AJAX in front-end. I also used MySql in this project to build a MariaDB database. This project has also a auction feature. Customer can make auction for some special products.

2017   Completed a project on making a suggestion provider text editor with IDE features. In this editor, user can edit and compile different programming languages's source code. I used system call to compile the source code. The editor has a intelegence module that can help the user providing stackoverflow suggestion on his/her error of code. The suggestions are made by help of jsoup open-source java library. JavaFX richtext was used to make the editor.

EDUCATION

2015–current	University of Dhaka, Dhaka-1000. Continued B.S in Computer Science & Engineering. Currently in 4th year. Obtained CGPA 3.33 (upto 3rd year)
2014	Carmichael College, Rangpur. Passed H.S.C (Science Group) under Dinajpur Board in 2014. Obtained GPA 5.00 (without 4th subject score) out of 5.00.
2012	Moyenpur High School, Mithapukur, Rangpur. Passed S.S.C (Science Group) under Dinajpur Board in 2012. Obtained GPA 5.00 (without 4th subject score) out of 5.00.

SCHOLARSHIP

2009	Obtained National Education Board Scholarship for good result in class 8.
2014	Obtained National Education Board Scholarship for good result in H.S.C under Dinajpur Board.

TECHNICAL SKILLS

Languages	Java, PHP, Python, C, Sql, Mysql, HTML, R, Assembly
Tools	Oracle database, PhpMyadmin
VCS	Git
IDE	IntelliJ, Netbeans, Code Blocks
Text Editor	Vim, VSCode
OS	Ubuntu, Fedora, Kali Linux, Windows
Typesetting	LaTeX, Open office, Microsoft office
